

Foster Homes Need For Teen Age Girls Cited

Four placements in two months of non-delinquent teenage girls in foster homes of a waiting list of 50 was the dismal picture painted Friday by Miss Marta Sotomayor at the Lemon Grove Men's Club meeting.

Miss Sotomayor, worker with the Child Welfare Service of the County Welfare Department, said money available from the federal government for research in the problem was not being fully used here because "not enough interest could be aroused" to make studies here feasible. "San Diego is attempting to set up a pilot project to overcome some of the obstacles," she said. "So few volunteers exist here that girls are being farmed out to Los Angeles foster parents," she said.

The Welfare Department is

seeking volunteer foster parents between 35 and 65 years of age who will accept non-delinquent teenage girls until the girls' family situations are better or until they reach maturity or marry, she said. Families providing such homes are paid \$71 a month, plus medical expenses for each girl.

Girls usually remain in foster homes for from eight months to two years, Miss Sotomayor said, and foster families find the association rewarding. Miss Sotomayor is in charge of organizing the teenage project.

Eldene Whiting, a member of the Volunteer Bureau of the San Diego Community Service Association, told of the needs for a teenage project.

The Rev. Donald Cooke, pastor of the Lemon Grove Methodist Church, said a group associated with the San Diego County Pastoral Counseling Service is attempting to encourage clubs and organizations in the Lemon Grove area to sponsor the purchase of a residence in which six such girls could be housed. This would be under the direction of Welfare Department-approved house parents. If the project is successfully launched, other communities would be invited to participate, he said.

The Men's Club meets every Friday at Michael's. President Jesse Lee said a sheriff's deputy will be speaker next week on the subject of narcotics. Sergeant William F. Robinson, special officer with the narcotics squad, will provide the program. Arrangements are being completed to have world champion boxer Archie Moore as speaker later this month, he said.

LG Opti-Mrs Meet

The Lemon Grove Opti-Mrs Club held a meeting Wednesday of this week at the Country Kitchen, Lemon Grove.

Jackpot Drawing Gets New Site

The Lemon Grove merchants' Jackpot Drawing's new site, in the parking lot at the rear of Dial Drug, last week produced no top winner. Jeanne Lange of 3568 Main Street, Lemon Grove, would have won if she had attended. Her ticket was for 10 percent of \$1,700.

However, a double winner was named. Mrs. H. T. Berry of 2620 Main Street, won two consolation prizes of \$10 and \$5. Mrs. Vernon Black, 2305 Washington Street, Lemon Grove, also won a \$10 consolation prize.

Other consolation winners were: Mrs. Norman Morlan of 8848 Valencia Street, Spring Valley, \$5; a Mr. Hollingshead (no first name given), \$3, and Miss Jackie Foss of 7437 Mt. Vernon Street, Lemon Grove, \$2. Miss Babette Cross of 7827 Longdale Drive, Lemon Grove, was awarded \$1 for drawing the tickets.

Although the drawing has a new site, it is still held at 7 p.m. Tickets are available from Lemon Grove merchants at no charge.

Others in the play include: Perry Tuve, Grace Weaver, Cathy Stubbs, Jeff Giarde, Susy DeGroot, Dan Heiserman, Linda Denlinger and Steve Casner. All students connected with the play are seniors except Tuve, Hans Prope, Miss DeGroot and Merrill Whitehurst.

Certain time is 7:30 p.m. for Thursday night's performance and 8 p.m. Friday. Tickets are 50 cents for senior students and Associated Student Body card holders and 75 cents for all others.

Student directors are Misses Whitehurst and DeGroot. Stage manager is Penny Estes. Property men are Heiserman and Casner. Lights will be handled by Hans Prope, makeup by Miss Denlinger and costumes by Diana Ela.

"Dear Ruth" is a story of two sisters, Ruth and Miriam. Miriam has been writing letters to Lt. Seawright overseas, signing Ruth's name and using her pictures. After a few letters the lieutenant falls in love with Ruth. Ruth, however, is engaged to a bank executive, which presents a problem. But she decides to go along with the gag.

When Lt. Seawright comes home he proposes to Ruth and gives her an engagement ring. Ruth decides to write to Bill when he goes away again, to explain the mixup, thereby breaking off the engagement.

Miriam "spills the beans," which ultimately causes Ruth to fall in love with Bill and they elope. Poor Albert, the bank executive, who was supposed to be Ruth's fiancé, is given the "go-by" by being informed there is insanity in the two sisters' family.

Lions Projects Fortell Busy Season Here

The Lemon Grove Lions Club has embarked upon a trio of projects which will keep most members of the group "humping" for the next several months, according to V. J. Dorman, club president.

The largest and most important activity of the three is the establishing of an eye room at Grossmont Hospital, The Lemon

All Lemon Grove Lions and Lionesses are to be dinner guests of Restaurateur Henry Goldy this week on Thursday at his Chula Vista establishment.

Goldy, who formerly operated Michael's in Lemon Grove, now operates the Chula Vista restaurant of the same name. He is a member of the local Lions Club.

He will also be host at a cocktail party at the restaurant prior to dinner.

Grove club, together with clubs of Spring Valley, El Cajon, La Mesa and Fletcher Hills, are supplying the professional equipment needed to operate such a room in the new addition at Grossmont.

In charge of this project is Dr. Calvin Nicholl, past president of the club who surveyed ophthalmologists in the area to determine what equipment was most needed. Money is raised for the project by the club's annual white cane days event.

Dr. Basil Maloney, head of the club's public relations committee, said trash cans are being acquired by the club and these will be placed at strategic corners in Lemon Grove. Later, he said, advertising will be sold on the side to defray the cost of emptying them.

A bicycle rack is being built by the Lemon Grove Sheet Metal Works for installation in front of the library. The rack is being designed by past president Forrest Baxter.

Clearing House For Solicitors Set By C of C

Solicitors who want free and easy access to the pocketbooks of local business will be required to pick up an identification card at the Lemon Grove Chamber of Commerce at 7350 Broadway, it was decided last week at the chamber's regular board meeting.

James Spears, vice president, who guided the meeting during the absence of President William Parker, said some problems existed in enforcing the decision among residents but the business community was pretty much in accord with the plan.

Spears said two major projects were being examined by the chamber currently. One is a membership drive which will be unfolded at the next meeting and the other, a plan of closer cooperation with the merchant's division of the chamber, is in the process of being developed.

Broadway Improvement Funds Withdrawn For Other Roads

SAN DIEGO (CNS)—A transfer of \$50,000 from funds for road construction to be used instead for the purchase of rights-of-way was approved Tuesday by the county Board of Supervisors. The project from which the funds were taken were construction on Broadway, Lemon Grove, and on the road to a new park through Barona Indian Reservation.

The funds will be put back in the 1959-60 budget for the same construction, according to John F. Mulgrew, assistant county surveyor. He said the Barona road cannot be worked on now, due

Some of the equipment covered by the check includes a giant ophthalmoscope, for checking on eye diseases; a Schiotz tonometer, for measuring retina pressure; a Goldman slit-lamp for examining layers within the eye; a retinoscope, for examining the refractory power of the eye; a perimeter, a device for detecting brain tumor and nerve pathology, and a four-dot lamp for measuring muscle balance.

The Lions Clubs' annual White Cane project is used to raise funds for the project.

Rock Quarry Fire Burns Truck Trailer

Four resuscitator calls and two fires made up activities recently for the Lemon Grove Fire Department.

Fire trucks "rolled" March 8 to the rock quarry on Murray Hill when equipment, including a truck flatbed trailer burned. The firemen were called to Murray Hill earlier also, March 6, when a brush fire burned about one-quarter of an acre.

The fire department's resuscitator was put into use on March 3, 6, 7 and 9. The March 3 and 6 runs were to the home of Mr. and Mrs. M. A. Clark of 8170 Brennan Street, where oxygen was administered to their son Gary Lee, 3½-years-old. He was dead when firemen arrived on March 6 to aid him.

Mrs. Margaret Jackman of 1540 Skyline Drive, was also given oxygen by firemen March 7 after she suffered a heart attack. She was taken to Villa View Hospital.

The resuscitator was used again March 9 when Mrs. Mary Plain of 2765 Citronella, also suffered an apparent heart attack. No hospitalization was required. Her family physician was summoned.

May Vote Set For \$7,750,000 High School Building Issue

Grossmont High School District voters will be asked to approve a building fund issue of \$7,750,000 at an election May 19.

Funds will be used to build three new high schools, one of which will be on Sweetwater Springs Boulevard near Casa de Oro. Others will be in Santee and eastern El Cajon.

Voters will decide on bonds for \$5 million. State loan of \$2,750,000 would make up the remainder.

Grossmont school board trustees estimated an enrollment of 14,000 students in 1963. This would be 5,000 students over present capacity.

Lewis Smith, district superintendent, said a reduction of 20 cents on the school building tax would occur even with the approval of the multi-million dollar issue.

Harold Hughes, associate superintendent of the district, said the \$1.17 school operations tax would not be affected by the bond issue. He said the present 67 cent repayment on state loans would be limited to a rate of between 40 and 45 cents, partly due to the fact the Helix High School obligation had been paid off.

Smith said the tax rate would drop even lower if the issue was not approved by voters, but this would delay the program and cause overcrowding and double sessions.

He also pointed out the inflationary spiral in construction costs would increase eventual cost in relation to the delay.

The Dimmer View

by MAX GOODWIN

The lads who take care of the hundreds of signs the County Road Department has under its care were reinforcing the one on the south side of Broadway at Grove Street last week, the sign having been knocked cocked three times in as many weeks. (This time they put a concrete base around it. You may kill yourself, but the sign is now safe.)

While the reinforcing work progressed they poured out their troubles, and believe me, their problems are considerable.

School kids, they averred, cause more troubles presently than motorists. All adult drivers do is bump the things but school kids are meddling with them, they said, and the results can be a fair indication of how perverted the adolescent sense of humor can become.

As an example, the Road Department men said, a sign on Sweetwater Avenue near Mt. Miguel High School calls for "25 Miles Per Hour." This sign is pulled off by some smarties every few weeks and replaced illegally by one reading "55 Miles Per Hour." The danger here is obvious.

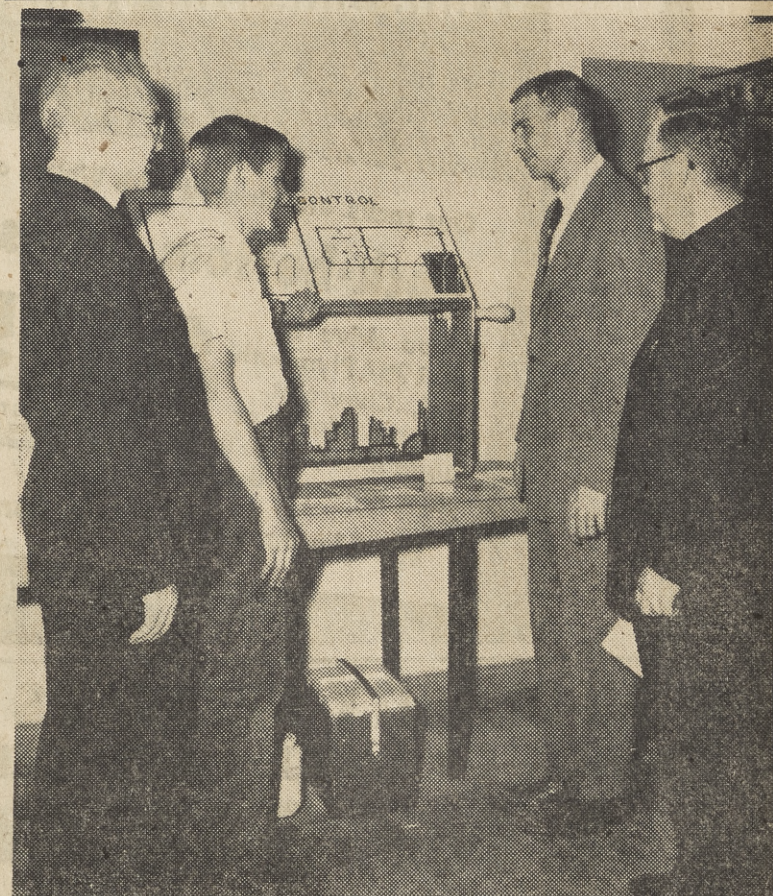

Then there's the affair of Ildica Street in Spring Valley. Youngsters, it is believed, erected a "Resume Speed" sign a short distance beyond one which reads "Slow." The "Resume Speed" sign was only a few yards from the dangerous dead end of the street!

Near one school, youngsters regularly shake loose a "Pedestrian" crossing sign and cart it away. And at the dead end of Washington Street the Department was forced to put a barrier of railroad iron and concrete to keep young drivers from pushing over the barricade to test the traction power of their jalopies. "No Trespassing" signs are attached regularly to a sign reading "School" in another part of Lemon Grove.

As mysterious as any is the prankster's reason for taking down a king-sized "Stop" sign at Imperial and Grove Streets. Because the intersection is so dangerous the Road Department manufactured a sign fully four times as large as the regular ones. It is hard to believe that a youngster would want a monstrosity such as this for any reason . . . but it was carefully sawed off at ground level and carted away.

All of these capers are fraught with hazard. Signs are for warnings. Anyone disturbing them is contributing to death and destruction.

Winning the Metro League wrestling championship for the second year, the Mount Miguel Matadors have only to win it one more time and the Metro League trophy will be theirs permanently.

The trophy was presented to Mount Miguel by Sonny Kaneko, co-captain of Miguel's team, at an assembly March 4. Another wrestling trophy, the Frank Crosby award, was also presented to Miguel by Larry Hutton, co-captain.

The Frank Crosby award, which is a traveling trophy, is presented by Crosby to the school he considers has the most outstanding wrestling team in the

Metro League. A Frank Crosby award is also presented to the school having the best wrestling team in the city league.

A former San Diego High School coach, Crosby's teams have won several SCIF and city league championships.

"Wrestling helps a boy develop self-confidence and provides an opportunity for a boy, regardless of size, to get into varsity competition," said Ben Duce, Mount Miguel wrestling coach.

Spanish Language Is Topic For Area Teachers, Officials

Mt. Miguel High School language teachers met with Lemon Grove elementary school teachers and administrators February 24 to discuss a Spanish program for children in the elementary grades. The high school teachers have offered to help elementary teachers with courses of study, ideas for materials, and Spanish pronunciation.

Miss Marjorie MacRae, assistant supervisor of conversational Spanish in elementary schools in San Diego, spoke to the group, outlining the Spanish program in San Diego city schools. Spanish is started for pupils in the fourth grade and taught by two traveling teachers who visit classes regularly, teaching the children and the classroom teacher at the same time.

Edward Villareal, language department chairman at Mt. Miguel, and Spanish teachers Ann Alderson and Gerald Newall, have presented the idea to develop the teaching of Spanish in line with the national interest in the subject.

"Spanish is of particular value to students in this area because of our nearness to Mexico," Villareal said in explaining why Spanish is the language they are concentrating on.

Marvin Marquardt Made Member Of Appraisal Institute

Marvin G. Marquardt, real estate appraiser of Lemon Grove, was recently awarded the M.A.I. designation by the Governing Council of the American Institute of Real Estate Appraisers. The designation automatically admits Marquardt to membership in the institute. Fewer than 2,700 appraisers have qualified for this designation since the institute was founded in 1932.

Marquardt, an independent fee appraiser, has had offices in Lemon Grove for the past three years. Prior to that he was associated with the Percy H. Goodwin Company for five years. Before moving to Southern California in 1951 he owned and operated his own office in Scottsbluff, Nebraska.

PLUMBING REPAIRS and EMERGENCY . . .

CALL:
HO 6-0157
CO 6-5800

LETTERS TO THE EDITOR

Dear Editor:

In reviewing the results of the election on incorporation and reading the speech made by Mr. Johnson to the Lemon Grove Chamber of Commerce on why incorporation was defeated, I would like to add my own views on the matter.

The following criticism is not directed to the individuals who donated time and money, and were sincere in their efforts, whether it was for or against incorporation. It is directed to the individuals who had selfish motives and were not concerned about the small home owners of Lemon Grove.

Some individuals that had an active part in the conduct of the campaign for or against incorporation committed a disservice to the people of Lemon Grove by giving half truths and not giving complete facts which were available and not given to the residents of this community.

The first mistake was made by the proponents of incorporation, by hiring a professional whom I believe did a poor job of presenting the facts. A campaign cannot be conducted by mail and be successful. There isn't anything better than personal contact. The Democrats proved this in the past state election. Having an outsider come into Lemon Grove, also aroused suspicion in the minds of the people as to what the proponents had to gain personally, and what selfish motives were behind the incorporation movement.

One of the main reasons for the defeat was the many who gave lip service to the incorporation movement, yet just before the election worked on both sides of the "street." They were supposedly for incorporation but secretly worked against it.

The individuals that spearheaded the move against incorporation did not give the true story either. However, being local residents, they did a good job of convincing the people with their half truths.

They must have had their own selfish motives for fighting incorporation, because no one will spend thousands of dollars to fight an issue for pleasure.

This same group helped defeat the first election on incorporation in 1955, and, if they were sincere in their efforts, they would have emerged as leaders of this community, spearheading various projects for the betterment of the community. As of now, they have helped defeat incorporation twice, and have done nothing whatsoever for the community.

Whatever improvements we have in Lemon Grove have been initiated and sponsored by some of the individuals who are civic minded and who were strongly for incorporation because it would have been the only way the people could have obtained the necessary improvements we need in Lemon Grove.

All of this leaves the people of this area still in a state of confusion . . . not knowing if they voted right or wrong. The problem now is to decide what course to follow: annex to the city of San Diego or remain a county area.

As a county area we, as taxpayers in Lemon Grove, have to be content with whatever the county gives us in the line of improvements. The reason being, you and I have to share our tax dollars in the improvements of areas outside Lemon Grove. For example: The county spent about \$250,000 to improve a road through a politician's property in the northern part of the county which had a low priority, while you and I have to dodge pot holes in our roads as we drive along (intersection of Canton Drive and Imperial Avenue is a good example).

Furthermore, the working man and small home owners in this area will not be able to obtain the favors that are bestowed on the political bosses of this community.

In regard to annexation to the city of San Diego: all we will get will be higher taxes, garbage collection, street lights and a little more police protection. According to Mr. Tom Fletcher's report, our roads will be maintained "as is." They will take more of your tax dollar than we will receive in the form of improvements. As to the tax rate on our homes, they will automatically increase to over \$1.00 per hundred assessed valuation. Proof is obtained by checking the County Tax Rate Index Book of 1958 at the County Auditor's Office. In this tax rate book you will find that an area (code area 830) that was part of Lemon Grove and annexed to the city of San Diego, now pay \$8.79 per hundred assessed valuation. Compare this with your present rate.

What does the future hold for

Lemon Grove?

It has been predicted by commercial property experts that Lemon Grove in its present condition and with no indication of improving is a poor risk for good businesses to locate; that by 1970 it will be the slum area of San Diego County.

If the factions that fought each other in this past election would have discussed the problems of this area, there could have been a peaceful solution to our status as a community. The money spent for campaigning could have been used for a worthy cause.

The stand I took in this election was for incorporation. I had no personal ambitions other than to help make Lemon Grove a better place to live. I am just a working man and a small homeowner who is against higher taxes the same as my neighbors and friends in Lemon Grove. I am a firm believer in local government because it is the only way you can have a government of the people, by the people and for the people.

The centralization of government is a form of government that caters to the privileged few, at the expense of the small homeowner and working man. The final outcome in this battle between the powers in Lemon Grove is that we the homeowners are the losers in this conflict. We will be burdened with higher taxes, without obtaining any benefits such as parks, better roads and, don't forget the swimming pool.

I am closing this letter with a kindly reminder to the residents of this area that, regardless of what our future status will be, our taxes will continue to go up, and, that we will be controlled by 'OUTSIDERS,' told what to do by 'OUTSIDERS,' taxed by 'OUTSIDERS,' and we will have our tax dollars spent by 'OUTSIDERS.' We will have very little to say in this matter, thanks to the so-called political bosses of Lemon Grove.

Sincerely,

Joe Cannizzaro

Mr. Cannizzaro was an unsuccessful candidate for Lemon Grove City Council. He finished ninth. (Editor's Note.)

HOW TO KEEP A MOVIE DIARY

A friend opened our eyes last night to an intriguing idea in home movies which he calls a movie diary. One of the chapters he ran off for us was about his garden. In fifty fascinating feet of film he showed us how his flowers went from bud to bloom last summer.

How did he do it? Not by keeping the same roll of film in his camera all summer. He just went out into his garden at regular intervals and shot a few feet of film. Then last fall he spliced all his garden footage into a single, fascinating reel.

Keeping a movie diary doesn't require a script or complicated action. For instance if you keep a diary about each of your children you would have all the action you want simply watching an infant grow up into a husky teenager.

What do you do to keep a movie diary?

Assuming you already have a camera, all you need is an inexpensive Kodak Prestape Editing Outfit. This compact set makes it easy to edit and splice individual movie shots into a full-length "diary."

If you don't own a movie camera we would be glad to show you the full line of Brownie Movie Cameras which make movies as easy and inexpensive to take as snapshots. Priced from \$32.50.

MARRIAGE REVEALED — Miss Veronica Lincheid, daughter of Mr. and Mrs. Raymond M. Linscheid, February 21, became the bride of Jack Sanders, son of Mr. and Mrs. John E. Sanders of Lemon Grove, in a candlelight service in Lemon Grove Congregational Church. Rev. E. Walter Smith officiated. White satin streamers adorned lighted tapers in tall candelabras beside each pew, which were augmented by large standing baskets of white gladioli, iris and stock. The bride's gown, made with a deep V-neckline and long sleeves, was of Chantilly lace. Lace trimmed net tiers formed a train and a jeweled crown held her fingertip veil. The bride's bouquet was centered with a white orchid corsage which was later removed and worn with her travel costume of white linen, accented by black patent accessories. Miss Mary Ann Linscheid, sister of the bride, was maid of honor. The new Mrs. Sanders' other attendants were Miss Julie Linscheid, Miss Janet Krienberg and Mrs. Frank Loveday. Following a wedding trip to Las Vegas, Mr. and Mrs. Sanders are now residing at 7745 High Street, Lemon Grove. Both young people attended Helix High School.

Osteopathic Hospital In \$750,000 Funds Drive

The San Miguel Hospital Association is launching a \$750,000 capital funds campaign this month for a new hospital in the Heartland area. Included in the sum are funds for completing an expansion program at Hillside Hospital in San Diego.

Federal and state funds totaling \$836,000 have been allocated for the facility. The remainder will be derived from a popular subscription campaign.

The facility will be for osteopathic physicians and surgeons of the county. This group has already put \$300,000 into improvements at Hillside Hospital.

Among those attending a kick-off luncheon last week were Mayor Dail of San Diego; Mayor Acevez of La Mesa; Murray Goodrich, "Mr. San Diego 1959"; Ernie Billman, and Dr. Vincent

Carroll, National Chairman of Bureau of Hospitals, American Osteopathic Association.

Dr. Robert Epstein, chairman of the San Miguel Building executive committee campaign, named Faye Hartman, local Federal Housing administrator, as general chairman of the drive.

Assisting Mrs. Hartman will be Dr. J. Ralph Hughes of the hospital division; Larry Lawrence, small business division; Tom Rudford, chairman of the general division. Rudford will be assisted by Art Leich, Dr. Douglas McElfresh and Calvin H. Flynn.

Labor and major gifts divisions chairmen are yet to be named.

Ground breaking ceremonies are slated for Friday.

Interested locally are Drs. Thayer Crow, Jack Tracy and Robert Schrock.

"FORGIVEN"

The moment a sinner turns to God seeking forgiveness, God forgives him. Forgiveness is the blotting out of the record of sin and giving a person a new and fresh beginning. It is giving him credit for all that Christ did for him. It is his adoption into God's family.

INCOME TAX FAX

This series, dealing with income tax problems, was compiled by the Society of California Accountants and will appear in this newspaper until April 15, deadline for filing income tax returns. It is presented as a public service to readers by the Society of California Accountants and this newspaper.

Taxes, generally, to be deductible, must be imposed on you, and you must have paid them. Common types of deductible taxes are: state and city sales taxes, state income taxes, personal property tax, real estate tax, automobile license fees, unemployment insurance contributions in some states, state capitation or poll taxes and state gasoline tax.

You can deduct your state gasoline tax on every gallon of gasoline you purchase, but not federal gasoline tax.

How do we figure the tax paid? If you had a credit card and saved your paid bills, you simply count the number of gallons purchased and multiply that by the tax rate. However, most of us didn't do that so we'll have to estimate. The best way to guess, and have a reasonable basis for your estimate, would be to determine the actual number of miles you drove in 1958. You can come pretty close to that and divide that figure by the number of miles per gallon you are getting from your car. That'll give you the number of gallons used. Multiply the number of gallons by the tax rate per gallon and you'll have the amount of gasoline tax you paid.

UNDEDUCTIBLE ITEMS

The code specifically states you cannot deduct the following types of taxes: federal income taxes, federal excise taxes (such as telephone, telegraph, cosmetics, furs, jewelry, luggage, theatre and amusement taxes, transportation taxes, etc.), federal stamp taxes, estate and gift taxes and taxes assessed for local improvements which tend to increase the value of your property. Automobile registration fees, federal Social Security taxes, and hunting and fishing licenses, taxes and fees are not deductible, nor are dog licenses.

Your deductible taxes are deducted on page two of the tax return form. They are deductible only if you itemize your deductions, on long form 1040. The deductions are lost if you use form 1040-A, short form 1040 or use the standard deduction.

If there is not enough room on the tax return form to list all your deductible taxes, make a separate schedule to attach to your tax return. Total the amounts paid and enter the total under Taxes on page two of the tax return.

☆ On March 14, 1929, aircraft from the Naval Air Station, Pensacola, Florida, completed 113 mercy flights in a 24 hour period, flying food, clothing and medical supplies to towns in Southern Alabama and Western Florida suffering badly from floods.

Easter Seals Plea Made

The San Diego Society for Crippled Children annual fund-raising project, Easter Seals, will continue through Easter Sunday, March 29, officials said this week.

The society is appealing to residents to give as much as possible, but, it says, even if nothing is contributed, Easter Seals should be used.

The society operates Childrens Hospital. Seals, it says, are of no value unless used. Whether a contribution is made to the society or not, seals used on letters will help publicize the need for funds to provide medical care and therapy for physically handicapped children.

Food Store Sold By Tom Carltons

Mr. and Mrs. C. Edwin Gustafson last week took over ownership and operation of Health-Full Foods store, 7894 Broadway, Lemon Grove. The new owners purchased the store from Mr. and Mrs. Tom Carlton. The Carltons, however, will retain ownership of the building. They plan to add 35 feet to the rear of the building to house the Johnson Packing Co., packers of dried fruits and gift packs.

Both Mr. and Mrs. Gustafson will operate the store, in addition to managing the packing company. They have been in the health food business for many years. They plan no change in service or foods at the store.

Mr. and Mrs. Carlton are retiring from active life and plan to travel in the United States. They will take their daughter, Nancy, to Chicago next summer where she will study at the Art Institute. They are building a home at 3176 Central Avenue.

Typhoid 'Carrier' Cases Dwindle In San Diego County

Known typhoid "carriers" in the city and county of San Diego are required to register with the Department of Public Health as a protective measure, according to a recent report from the department. The report states that a person who excretes typhoid germs more than 12 months after recovery from the disease is a "carrier." Persons registered as "carriers" agree to follow sanitary practices to prevent the spread of the disease.

Modern sewage disposal and a protected water supply have reduced the incidence of typhoid and the number of persons registered in San Diego County as "carriers." Persons registered as "carriers" have dwindled from 17 in 1952 to seven today. The county's last outbreak of typhoid occurred in 1946, when 14 cases were reported, 13 in rural areas. Two typhoid deaths occurred. No typhoid death has been reported since 1947. No resident case has been reported since 1955.

PACK 325

Cubmaster Roy Cones and Committeeman Lyle Wyatt recently took 15 Cub Scouts along with Bobby Calkins and Danny Kirkman (two recent graduates from Webelos) of Pack 325 on a climb up San Miguel Mountain.

Eleven of the boys, Royal Bates, Randy Clark, Gary Cones, Larry Elligett, Paul Cormley, Norman Hartnett, Howard Kada, Billy Rowin, Larry Rowin, John Wolf, and Donny Woods, went to the very top with Cubmaster Cones.

Committeeman Wyatt remained with Bobby Calkins, Berry Jetter, Danny Kirkman, Billy Kirkman, Ricky Morrison, and Kapena Wyatt who climbed over half-way up and waited there until the other boys completed their climb. All the boys came down together.

BOY SCOUTS

The 1959 Scout Fair has been rescheduled for June 13, according to a recent release from Scout headquarters. The action was taken by the Council executive board at its February meeting, upon request of the Scout Fair committee. Fair chairman Tom Fletcher said that after some study the committee felt the date change could be handled without too much trouble. The fair is to be held in Aztec Bowl, San Diego State College.

GIRL SCOUTS

The regular monthly meeting of the Lemon Grove Girl Scout Neighborhood will be held March 19, at 9:30 a.m., in the Lemon Grove Youth Center.

Virginia Lee DeFrate, daughter of Mr. and Mrs. Forrest DeFrate, 8333 Golden Avenue, was the top Girl Scout cookie salesgirl in the Lemon Grove Neighborhood, according to Mrs. Patty Castle, cookie chairman for this area.

Virginia DeFrate

Virginia Lee, a member of Girl Scout Troop 380, sold 168 boxes of cookies. In second place was Susan Bailey of Troop 938, who sold 80 boxes, followed by Brenda Ball of Troop 1116, with 74 boxes.

Miss DeFrate will attend the "Sellastration" tea at 4 p.m., March 18, at Florence Burnham Hall, Scout Headquarters, where she will receive a gold cookie charm.

Mrs. Castle reports that approximately 6,000 boxes of cookies were sold by Lemon Grove Girl Scouts. Proceeds from the cookie sale will provide the best possible Girl Scout program to the greatest number of girls and will make possible superior camping facilities. New campsites are being developed at the Girl Scout headquarters in San Diego.

Cookie booth chairman for the Lemon Grove area during the sale was Mrs. Richard Burke.

Observing Citizenship Day of Girl Scout Week, Brownie Troop 1702 hiked from San Miguel School to the Lemon Grove library on Tuesday to present bookmarkers which they had made. Mrs. Ruth Pedler, librarian, said the bookmarkers will be used during the storybook hour held Saturday mornings at

the library. Girls presenting the markers were Harriet Alexander, Debbie Balsley, Pamela Baroni, Beverly Clay, Renee Ducharme, Christine Ellison, Jill Hammond, Linda Hofer, Joyce Hoffman, Marilyn Huson, Patricia O'Brien, Darlene Ott, Christine Ryon, Peggy Wilson and Kay Wittman.

Girl Scout Week continues through Saturday of this week. Everyone is urged to turn out and give the girls full support at their activities. The girls started the week with a program at the organ pavilion, Balboa Park. March 6 was Girl Scout Sabbath, with services in the synagogues.

On March 7 the girls of the Seventh Day Adventists attended services. On March 8 Girl Scouts of Catholic and Protestant faiths attended church services.

Bishop Charles F. Buddy will present the Anicla Domini awards at the 9 a.m. Mass, March 14, at the Immaculate Chapel, Alcala Park.

The San Diego Council of Girl Scouts has purchased a camp site which seems suitable for older intermediate and senior Girl Scouts. The site is Camp Davidson, northeast of Julian, former camp of the armed services YMCA.

Until now, according to a recent report from Girl Scout headquarters, the Girl Scouts have been unable to do any troop winter camping, except at Camp Tapawingo, which is limited to 30 persons and is often closed because of heavy snows.

The new camp has quite a spread with several all-weather cottages, each sleeping 10 persons; a double bunk-house, in two separate parts, each sleeping 30 persons; a lodge; a swimming pool, and even a lake. In addition to the buildings there are 10 large tent platforms and tents and 31 acres of wooded terrain for primitive camping.

For the remainder of this year, and maybe longer, the camp will be limited to troops of girls who are in the seventh grade or older.

The camp should be ready within two weeks. Girl Scout headquarters is ready to take reservations for weekends, school holidays and the summer season. Open house prior to summer will be held.

All Blue Bird and Camp Fire girls and leaders of Ka Ki Ya District, which includes Spring Valley, Lemon Grove and La Mesa, attended a special theater party at the El Cajon theater on February 28. The party was for all who took part in the recent peanut sale.

Awards were given to the groups with the highest sales average during the peanut sale. Top winners for the Blue Birds were Mrs. Robert Simpson's group from La Mesa; top Camp Fire Girls winners were Mrs. V. L. Hettinger's group from La Mesa.

There was a skating party Friday at Palisades Gardens for all Blue Birds and Camp Fire Girls in the Ka Ki Ya district.

Over \$10 billion dollars was spent for dairy foods in 1958, with nearly \$7 billion for fluid milk products alone.

Tax Revolt Group Acts

A letter-writing campaign to "tell our legislators that no new state taxes are necessary to balance the budget" will be undertaken by the newly-organized Californians in Revolt Against Higher Taxes, according to Edward C. Hall, chairman.

The citizens' movement, first of its kind to be organized in California, has established a mailing address at P. O. Box 464, San Diego 12.

"Ours is a purely voluntary group, dedicated to the belief that we can and must live within our means, statewide as well as locally," said Hall, who lives on Point Loma and is a past president of the San Diego Taxpayers Association and the San Diego Realty Board.

The group has elected an executive committee, who, in addition to Hall, are: G. Edward Hall, property manager; Russell Stowell, businessman; Ray Grable, realtor; Donald Campbell, La Jolla architect; Phil Davenport, wholesaler; and Roland H. Wright of Bonsall, who is president of the Associated Farmers of California.

A general meeting will be called soon, said Hall.

La Mesa Post To Mark American Legion Anniversary

La Mesa Post No. 282 and its auxiliary will celebrate the 40th birthday of the American Legion Friday. A potluck supper will be served in the Legion Hall, 8118 University Avenue, at 6:30, followed by initiation of new members of both organizations.

March is designated as Community Service month on the auxiliary calendar of events. However, Mrs. Alvera Murphy, local Community Service chairman, and Mrs. Lester Freeman, her co-chairman, have carried on an active program throughout the year. The auxiliary has assisted the La Mesa Community Welfare Shop, working on all major fund raising projects for welfare agencies, and planned and given parties and provided entertainment for patients at the Santee Geriatrics Hospital and the Somers Lodge at Lakeside each month.

WHAT'S DOING
W. H. Parker, your Telephone Manager in La Mesa

Most folks here in town never think of the telephone company when they see jet fighters tracing vapor trails through the sky. But the fact is that phone people are helping to speed up the nation's air defense by making it work almost automatically. We're building a network of telephone lines that are the nerves of a new system called SAGE. They carry signals from radar outposts to control centers in a flash. There, Air Force men see in an instant what's in the air, and can use SAGE's phone lines to order jets or missiles up without a second's delay. We watch over these lines with care, to make sure they're always working for your safety and security.

California Conservation Week

California Conservation week is now being observed throughout the State. This is the 25th Annual Conservation week proclaimed by Governors of California and coincides with the Silver Anniversary of the California Conservation Council. And this is a good time for all of us to take steps to preserve California's natural resources. Conservation Authorities point out that Californians all have a big stake in this, and there are many things we as individuals can do. We can support tree planting programs that beautify cities and rural areas. We can conserve water at both ends of the pipe line. That means protecting water sources and not wasting water. We can practice "outdoor good manners" and prevent the littering up of cities, roads, camp grounds and countrysides. And we can all give our support to the Conservation clubs that are working to safeguard our soil, minerals, forest, water and wildlife.

If all of us realize how important the wild land resources are and act accordingly we can achieve great success during Conservation week and throughout the year.

Square Dance News . . .

The Frontier Squares' Cherry
Blossom Ball, held February 28
at Spring Valley Junior High
School, was a huge success. The
newly graduated classes attend-
ed. "Marshal Dillon," Ernie Me-
rino, caught a few unsuspecting
victims and fined them 10 cents.
Tickets and reservations for
the Presidents Dance are still
available. It will be held March
28 at the National City Armory,
4th and Palm. Wild Bill Keller
will emcee. A buffet will be
served at 11 p.m. For reserva-
tions or tickets, call HO9-8564
or CO4-4963.

PROMENADERS

The first round of the amateur
callers contest, sponsored by the
Promenaders Square Dance Club,
got off to a good start March 4
with three more nights to go
before the finals.
Five good prospects, represent-
ing five clubs, were heard. They
were: Jim Eppick of the Coun-
try Cousins; Don McFarren of the
Golden Slippers; Ted Gantz of
the Levis and Laces; Jim
Clark of the Cactus Kickers; and
Bill Flick of the Bachelors and
Bachelorettes. Winner of the
first round was Jim Clark. All
square dancers are urged to be
on the lookout for prospects to
enter in the contest.
Frank Dyson was club caller
for the March 4 dance. He was
assisted by guest callers Al Rider
and all of the contest callers.
Host and hostess for the evening
were Bob and Dot Bradford.

outstanding citizens' award as-
sembly at the Lemon Grove Ju-
nior High Cafeteria March 5.

The outing is financed by the
student council, who usually
choose a session of ice skating
and a picnic as the rewards. Stu-
dents receiving recognition for
all three report card periods are
given special certificates with a
gold seal and school colors at

LG Church Nursery School Gives Tots Good Training

STORIES AND SONGS — These photos show youngsters at
"work" and play during nursery sessions at Lemon Grove
Congregational Church's Friendship Hall. In the top photo,
some children listen to Mrs. Bill Danielson read to them while
others busy themselves with other activities. That's "Zorro"
in the background, painting, after a hard day's work of chas-
ing bad men through the countryside. In the lower photo,
youngsters accompany themselves on instruments while sing-
ing along with Mrs. Vance Seal.

Busy Lemon Grove mothers are being given a helping
hand with the care of their pre-school children by the nu-
rery school conducted at Friendship Hall at the Lemon Grove
Congregational Church. The 40 youngsters, from a minimum
of two years, nine months, to kindergarten age, are cared
for by a staff of two paid teach-
ers and the mothers themselves.
Younger children can also be
accepted if the nursery school
adjudge them to be ready.

The cooperative nursery class-
es meet at the church building,
3130 Main Street, Tuesdays,
Wednesdays and Thursdays from
9 a.m. to 11:30 a.m. during the
regular school year.

Each mother who has children
enrolled at the school is required
to work there one day every two
weeks for each child enrolled. In
addition, a charge of \$8.50 per
child for four weeks is made,
with a fee of \$6.50 for the same
period for each additional child.
There is also a registration fee
of \$2.50.

MEETINGS COMPULSORY

The church sponsored school
provides the children with a bet-
ter background to start public
or private schools when they
become of age. They learn to get
along with other tots.

Parents of the youngsters are
required to attend all monthly
meetings where expert care of
children is explained by profes-
sionals who deal with children.
This month's meeting will be
held at Friendship Hall at 8 p.m.
on Tuesday of next week. Nutri-
tion for nursery school children
will be the topic of Mrs. Alice
E. Thomas, associate professor of
home economics at San Diego
State College. Mrs. Thomas re-
ceived her master's degree in
food and nutrition at the Teach-
ers' College at Columbia Univer-
sity in New York. She is cur-
rently working on her doctorate

Beef and Olive Casserole

Mary Morgan

Food Basket Home Economist

Beef offers many new possibilities for spring menu planners. Nutritive, yet low in calories, the gourmet and the weight-watcher alike welcome its appearance on the menu agenda, especially when its priced so economically. The calorie-counters are extremely happy to learn that both lean chuck and cross-rib yields almost 19% less fat per serving than the old-fashioned untrimmed roasts of yesteryear.

We've utilized one of these lean meats in our Recipe of the Week, Stuffed Olive-Beef Ball Casserole. The recipe, incidentally, is full of surprises which we won't divulge until you can read your own copy fully and pronounce it "Delicious" yourself! Several other Chuck Roast Recipes, including the popular "Chuck Roast and Cheese" are available for Super Shoppers in the recipe racks at Food Basket.
